4" x 5" photographs were taken by SA BARRETT, 11/23/63, with a Speedgraphic, between the hours of 9 a.m., and 1 p.m. All PD photographs of the pertinent/crime scene area on the sixth floor were taken 11/22/63, between the hours of 1:30 p.m., and 3:30 p.m., by Lt. JOHN CARL DAY, Crime Scene Section, Dallas Police Department Identification Bureau, with a 4" x 5" Speedgraphic. Pictures taken by Lt. DAY include those of the assassin's position on the sixth floor as it was found by the PD, of discarded rifle hulls on the floor near this position, of the boxes, used by the assassin, in their original position as found by the PD, and of the rifle in its place of location on the sixth floor.

A comparison of photographs taken by the PD, 11/22/63, of the sixth floor as they found it, and photographs taken by the FBI, 11/23/63, definitely shows that some items have been moved or removed, during the interim.

ADDENDUM:

At 1:46 PM, this date, at the direction of Inspector J. MALLEY, telephone call was placed by SA ROBERT M. BARRETT, to Supervisor RICHARD D. ROGGE, SOG.

(1) MR. ROGGE wanted identification of a photograph of the Employees Lunchroom, second floor, 411 Elm Street. He was advised this photograph was taken 11/23/63, by SA BARRETT at about 10:00 AM.

(2) MR. ROGGE wanted identification concerning a press photograph taken from the outside of the building and police officer in the pertinent window. It has been ascertained this photograph was taken at about 1:30 PM, 11/22/63, by WILLIAM G. ALLEN, UPI, who is on a contract loan basis to the "Dallas Times Herald".

(3) MR. ROGGE described a photograph taken of the assassin's position on the sixth floor. From his description, it was ascertained this photograph was also taken by WILLIAM G. ALLEN, at about 2:30 PM, 11/22/63. MR. ROGGE was furnished all of the above information and stated he would advise Dallas later as to disposition of the police sketch made 11/22/63, of the sixth floor, prior to anything being moved or touched. A copy of this sketch is in the possession of the Dallas Office and was obtained by SA IVAN D. LEE this date, from LT. JOHN CARL DAY, Identification Division, Dallas PD. This sketch was made by Detective R. L. STUDEBAKER, Badge No. 966, Crime Scene Search Section, Identification Bureau, Dallas PD, 11/22/63.

ADDENDUM:

At 3:35 PM, Supervisor RICHARD D. ROGGE, SOG, was advised of the items in the above addendum. He stated this answered all his questions in full concerning photographic evidence submitted to date. However, he asked if the boxes depicted in the photograph by press photographer WILLIAM G. ALLEN were in their original position. He was advised they were not, as photograph obtained by the Dallas PD of the boxes in their original position, show the top box tipped over and laying between the two bottom boxes and the brick windowsill. MR. ROGGE was also advised that these PD photographs on the original scene should have been among those taken to the Bureau by SA VINCENT E. J. DRAIN, 11/27/63. MR. ROGGE said he would check and if he needed a copy of the Dallas PD photographs, he would call Dallas. He also requested that the PD sketch of the original scene be submitted immediately to the Bureau, and that he was sending a teletype to this effect. He was told that this sketch will be given to the pilot of American Airlines Flight 20, leaving Dallas 5:20 PM, today which will land at Friendship Airport. He stated he would arrange to have the plane met. SAs BARRETT and LEE will handle this matter.
